

**PRESS RELEASE**  
For immediate release

28<sup>th</sup> annual road safety campaign in New Brunswick  
**Operation Red Nose: Keeping You Safe for the Holidays!**

**Shippagan, November 6th, 2018.** – Operation Red Nose launches its 35th campaign today as the organization gets ready to deploy its famous safe ride service in 102 communities across Canada, including 4 New Brunswick communities. The service will be available to the population from November 30<sup>th</sup> to December 31<sup>st</sup>, 2018. Supported by its provincial sponsor UNI Insurance, the organization is back to provide a safe ride home to those who don't feel fit to drive. Volunteer Application Forms are now available at [OperationRedNose.com](http://OperationRedNose.com).

This year's slogan "Keeping you safe for the Holidays!" reaffirms Operation Red Nose's purpose, which is to make roads safer for everyone during the holiday season. The organization invites both first-time and longtime volunteers to take part in this important collective effort which helps provide more than 2,000 safe rides each year in the province, in addition to helping raise funds for local youth and amateur sport programs. In addition, Operation Red Nose also launches a brand new public service announcement which will be broadcast on both radio and TV stations, in the form of a humorous animated video.

**Operation Red Nose: Still relevant after 35 years**

Operation Red Nose's safe ride service has never ceased to gain in popularity and in maturity since its beginning in 1984, when 260 volunteers provided rides for 463 motorists. 35 years later, the organization mobilizes 50,000 volunteers annually who drive an average of 70,000 Canadian motorists home, in 102 communities across seven provinces.

"For our 35th campaign, we're taking the time to reflect on everything we've accomplished since 1984. As the current context demonstrates, our program is still relevant today. Therefore, Canada's largest safe ride home service will be back during the holiday season, beginning on November 30<sup>th</sup>," says Mr. Jean-Marie De Koninck, Founding President of Operation Red Nose.

**UNI Insurance: a committed partner**

"We congratulate the initiative of this safe ride service in many regions of the province and the numerous volunteers involved. It's a good deed to perpetuate to help make roads safer for everyone at this time of the year. Beyond our financial assistance, we sincerely believe that our partnership with Operation Red Nose demonstrates true peer support and collaboration on a human level, and this is closely linked with our values", stated Mr. Gilles Lanteigne, Vice President at UNI Insurance.

**An enhanced experience for all!**

Clients and volunteers can now access the new Operation Red Nose web site interface available at [OperationRedNose.com](http://OperationRedNose.com), including updates which will enable one to find information quicker. It's now easier than ever to find your local Operation Red Nose organization and get a safe ride home. Smartphone users can also download the Red Nose app. It's available once again in both official languages, and allows you to get the phone number and times of operation of the closest organization, in addition to providing an alarm feature which you can program ahead of time for your safe ride home.

**About Operation Red Nose**

Operation Red Nose is a non-profit organization with a mission to encourage responsible behaviour with regard to impaired driving in a non-judgmental manner, by enabling communities to provide a free and confidential chauffeur service to their members. The money it raises is redistributed to local organizations dedicated to youth and amateur sports, and invested in responsible consumption and road safety awareness programs.
